RESUME OBJECTIVE

- 10+ of experience facilitating cutting-edge engineering solutions with a wide range of software technology skills
- Proven ability to leverage full-stack knowledge and experience to build interactive and user-centered website designs to scale
- Extensive expertise in large system architecture development and administration including sectors like banking, money transfer, pension systems, micro credits

SKILLS

NodeJS/ReactJS

Java/SpringBoot

ExpressJS/Apache

Linux

MySQL/Postgress/MongoDB

Restful

Css/Bootstrap

Scrum Master

Eclipse/VSCode

Hibernate/Maven/Junit

EXPERIENCE

SCRUM MASTER / TECH LEAD

Axiem International / General Electric partner / Querétaro, Qro. / January 2019 – March 2020

- Structure internal systems comprising several tools for displaying performance of aircraft engines, as well as design jobs for management of data generated by sensors installed in those engines
- Successfully designed and implemented backend infrastructure as REST APIs built in NodeJS to handle incoming transactions from the sensors installed on the engines
- Leading and coaching the organization in agile methodology adoption. Coaching the Development Team in self-organization and cross-functionality

TECH LEAD

Telefónica Movistar / México, CDMX / April 2013 – November 2018

- Successfully generated back-end programming utilizing Java Servlets; Linux (CentOS 5/Redhat), Apache Tomcat, CSS, JavaScript/jQuery, and MySQL frameworks
- Provided leadership as a subject matter expert (SME) on client and staff logins, and general upgrades/maintenance of platform
- Implemented platform for controlling access of providers to carrier's main charging system on value added services

PROGRAM MANAGER

Banamex, CDMX / March 2010 – January 2013

- Deployment of money transfer platform over mobile devices
- Implementation of the platform on Banamex ATM network in México
- Design, construct and deployment of WSDL services for backend transactions in money transfers operations using J2EE, XML and Postgress DB

SOFTWARE DEVELOPMENT MANAGER

Afirme, Finance Group / México, cdmx / October 2007 – January 2010

- Design, construct and deployment of web platform for finance credits management, all from scratch
- Development of tools for credit recovery management and for credit balances
- Worked with a team of 6 developers using J2EE (servlets) technology, MySQL DB, JSP's, MVC design pattern and SVN for versioning

EDUCATION

CERTIFIED FULLSTACK WEB DEVELOPER

Trilogy Education Services / Tecnológico
de Monterrey, México, CDMX / 2019

CERTIFIED SCRUM MASTER

México, CDMX / 2017

B.S. COMPUTER SCIENCE

Intercontinental University
México, CDMX / 2000
